## Color Customization

Color can be customized, support to map to sample customization!

1. Draw a horizontal line on the wall.

2. Put the starter strip on the bottom of the wall.

3. Install the first panel from the left bottom.

4. Lay the panels down to up, left to right, fix the panels with screws on the joints.

5. Check if the panels are horizontal with a level during installation.

6. Keep on installing the panels, corners and top lines.

7. Cut the panel with a saw if necessary.

8. Drill the screw through the center of the joints to the wall

9. Upper panel interlocks with lower panel, screws are invisible
